1. The local Siper representative, [] sees us immediately after his meetings with UHAGE (before he has had a chance to report to FCB) and gives us and G-3 copies of the weekly or bi-weekly UHAGE "take". On such occasions he has occasionally loaned us copies of operational correspondence from UHAGE, such as the list of names referred to in MAY-M-5039. We appreciate his cooperation and sincerely hope it will not be found unfair. Any delay in the forwarding of the material is probably due to the normal processing delays within FBI.

2. Forwarded for your information are copies of the 88 list of UHAGE incidents which we received several weeks ago. We need to copy the lists for our own use and hope that the extra copies we make for you will be found useful and save some typing time at your end.
